FINISHES
& FLOOR CARE

Installation Essentials

Surface Finishes - Oils

Natural Oil

A natural oil based on oils extracted from plant seeds with natural waxes as bonding agents giving your floor the most natural treatment with no harmful solvents or chemicals.

- Apply Natural Oil Preserver after 24 hours to give the floor a harder and more water repellent surface finish.
- Alternatively, apply Oil Wood Traffic to create an even harder wearing surface finish in commercial areas.

Hard Wax Oil 3D

Hard Wax Oil 3D is a solvent based hard wax oil. It gives a warm and smooth look.

- Soft to touch, whilst being tough and wear resistant.
- Excellent impregnation qualities.
- Second coat gives good depth of finish.
- Gloss level of 45%.

ACCFIN65	Hard Wax Oil	1 ltr

Natural Oil Preserver

A natural fixative to protect your oiled floor and create a harder wearing, more water repellent surface.

- Apply with an absorbent cloth.
- Allow to dry for 12-24 hours before using the floor and in 15 days the floor will be fully hardened.

Hard Wax Oil

Hard Wax Oil is based on a blend of natural oils and waxes. It gives the wood floor a natural low sheen and tough finish.

- Soft to touch, whilst being tough and wear resistant.
- Excellent water repellence.
- Coverage 20-25m².

Oil Wood Traffic

- Oil Wood Traffic is a single component oil based urethane varnish, combining the look of an oil with the resistance of a varnish.
- Mainly suitable for domestic and medium commercial application.
- Available in Satin Matt (25%), Matt (15%) & Super Matt (<10%).
- Coverage approx. 100g/m².

Surface Finishes - Lacquers

EXCEPTIONAL
PERFORMANCE

Vanguard - Duo ultra invisible matt lacquer

- Two component odourless water based lacquer for heavy traffic floors.
- Use of special resins give Vanguard an extremely matt, natural and anti-reflective finish. Gives an unfinished appearance with oak.
- Extremely low gloss level of 3%.
- UV absorption with no discolouration due to sunlight exposure.
- Extremely strong finish, high surface clarity with no shine or discolouration seen on the floor through use or damage.
- Extra performance with no need to prime beforehand.
- Due to Vanguard's special formulation, it is suitable for coating dark wood floors with no visible pigmentation.
- Can be applied over coloured oil.
- Non-rafting qualities.
