ARCHITECT

APM Designs Ltd

AN 87 ROOM MODERN FAMILY HOTEL THAT SUCCESSFULLY BLENDS ORIGINAL PERIOD FEATURES WITH A CASUAL-CONTEMPORARY SCHEME WHICH TAKES INSPIRATION FROM ITS LAKESIDE SURROUNDINGS.

PROJECT OVERVIEW

Built in 1881 the first purpose-built hotel in the Lake District has recently undergone an £8 million makeover lead by award winning architectural practice APM Design Ltd.

The dramatic upgrade set out to offer a new kind of hotel in the heart of the Lake District which included a full refurbishment of all hotel bedrooms and customer areas.

HOW WE HELPED

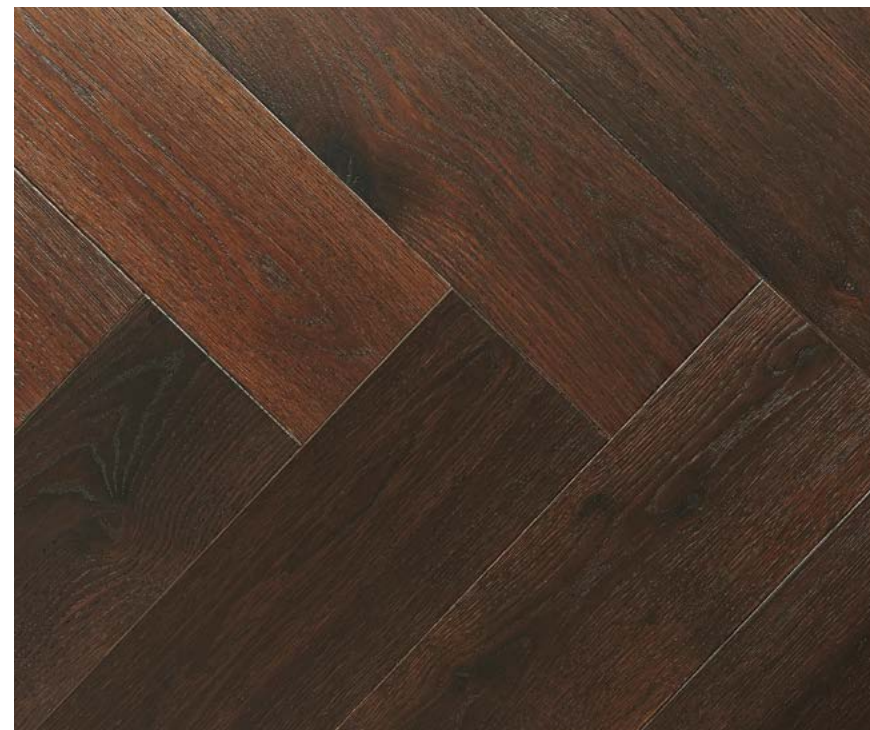

Having worked with APM Designs on their 2020 Northern Design Award winning project Athelis Club & Spa, they approached our business development specialist having been delighted with the high-quality products and excellent service they had previously received.

OUTCOME

The overall style of this renovation project is casual-contemporary. The chic bar features our Liquorice parquet wood floor which is complimented with cool turquoise and warm orange accents.

In the restaurant area, mustard seating contrasts with cool blues and grey upholstery which is set on a foundation of another of our most versatile floors - Furrow. Although the interiors of the hotel are contemporary it retains many of its period features including beautiful cornicing, high ceilings and sash windows with impressive lake views.

LIQUORICE HERRINGBONE ENGINEERED OAK FLOOR CREATE® COLLECTION

European Nature Grade Oak Herringbone
Medium Brushed, Hardened Oiled
W:127mm | **D:**15mm | **L:**up to 2.2m

OUR CERTIFICATIONS EXPLAINED

We go above and beyond the usual environmental and sustainability standards, and have many third party accreditations.

In short, all of our timber (whether floors or wall cladding) follow the UK Timber Regulations as standard, which verifies that all of our timber is legally harvested.

All of our floors are also SVOC free and have low VOC emissions. SVOCs are pollutants at the molecular level which are emitted from synthetic man-made materials such as LVT, vinyl and plastics.

Talk to our team today about using sustainable wood flooring in your project.

COLLECTION	CERTIFICATION				
	 A global organisation that guarantees that felled timber is sustainably sourced	 A global organisation that guarantees that felled timber is sustainably sourced	UKTR UK regulations that confirm timber is legally harvested	 All of our floors are free from semi-volatile organic compounds	 All of our floors have very low levels of volatile organic compounds
